Appendix B:

GIS Maps

A Report Card From Missourians

Helping You Better Understand Your StakeholdersSM
INTERPRETING THE MAPS

The maps on the following pages show the mean ratings for several questions on the survey by district. The mean ratings were calculated by first allocating 1 point for each very dissatisfied/strongly disagree/very unimportant answer, 2 points for each somewhat dissatisfied/somewhat disagree/somewhat unimportant answer, 3 points for each somewhat satisfied/somewhat agree/somewhat important answer, and 4 points for each very satisfied/strongly agree/very important answer. Then the mean was calculated for each district. Responses of don’t know and those who did not provide a response to this question were not included in this analysis.

Mean weightings of 1.0 to 1.75 indicate that the overall population was very dissatisfied with the service, strongly disagreed with the question, or thought the service was very unimportant. Mean weighting of 1.75 to 2.5 indicate that the overall population was somewhat dissatisfied with the service, somewhat disagreed with the question, or thought the service was somewhat unimportant. Mean weightings of 2.5 to 3.25 indicate that the overall population was somewhat satisfied with the service, somewhat agreed with the question, or thought the service was somewhat important. Mean weightings of 3.25 to 4.0 indicate that the overall population was very satisfied with the service, strongly agreed with the question, or thought the service was very important.

If all the areas on a map are the same color, then people generally feel the same about that issue regardless of where they reside.
Q3. I would like to ask how satisfied you are with the job the Missouri Department of Transportation, also known as MoDOT, is doing—would you say you are very satisfied, somewhat satisfied, somewhat dissatisfied, or very dissatisfied with MoDOT?
Q4a. MoDOT provides *accurate* information to citizens about road projects, highway conditions, and work zones.
Q4b. MoDOT provides **timely** information to citizens about road projects, highway conditions, and work zones.
Q4c. MoDOT provides *understandable* information to citizens about road projects, highway conditions, and work zones.
Q4d. MoDOT is the primary transportation expert in Missouri.
Q4e. MoDOT keeps its commitments to the public.
Q4f. MoDOT does a good job of providing advance warning to motorists before entering work zones.
Q4g. MoDOT does a good job of minimizing travel delays caused by work zones.
Q5a. How satisfied are you with MoDOT’s efforts to keep the surface of major highways in good condition (smooth and free of potholes)?
Q5b. How satisfied are you with MoDOT’s efforts to keep the surface of other state highways in good condition (smooth and free of potholes)?
Q5c. How satisfied are you with MoDOT’s efforts to keep bridges in good condition?
Q5d. How satisfied are you with MoDOT’s efforts to minimize congestion on highways?
