Section/Plan No.: **None**

Subject: **A Policy on U-Turn Median Openings on Freeways**

Body

TO ALL DIVISION, DISTRICT AND URBAN ENGINEERS:

At the District Engineers' meeting yesterday, the Policy on U-Turn Median Openings on Freeways as approved by the AASHO, was discussed briefly.

Under separate cover I am mailing you four (4) copies of this Policy for your further information and reference. I would suggest that you take up the matter of building U-turns in medians with Mr. Hoskins' office, on interstate projects which have been completed and now under maintenance, and with Mr. Snider's office for those projects which are now under construction.

Where plans are completed, or now in progress in your office, they should be revised in accordance with this new policy.

If you have any further questions do not hesitate to write this office.

**C. C. Tevis
Engineer of Surveys and Plans**
