

Design Standards Letter

Letter Number: **D-1970-00**

Letter Date: **05/08/1970**

Effective Date: **05/08/1970**

Section/Plan No.: **None**

Subject: **Road Design Standards State of Missouri**

Body

Mr. Arthur N. Gilbert, P.E.
Chief Engineer
Department of Parks and Recreation
Bond Issue Office
12580 Rott Road
Sunset Hills, Missouri 63127

Dear Mr. Gilbert:

I have your letter of April 30, wherein you ask that I intercede for you and send you a copy of our standard drawings to be used for reference purposes by the Department of Parks and Recreation in St. Louis County.

I note that you have previously written to Mr. Fletcher, and that he advised that these drawings were not for distribution.

Mr. Fletcher is correct in his statement that the large book of standard drawings is not available for distribution by sale or otherwise. These drawings are in the form of a loose-leaf booklet, and revisions are made almost weekly by sending our new sheets to replace old ones in the book. I believe that you would agree that it would be almost impossible for you to keep the book up-to-date, since we could not be responsible for issuing new sheets each time that the book is revised, except for the few copies that are in use within the Department.

If you have some particular drawing in which you are interested, please let us know and we would be agreeable to sending you the standard drawing that you need.

I am sorry that we are unable to grant your request for the complete set of standards.

Yours very truly,

Chief Engineer
