Webster Groves, Missouri 63119

Dear Mr. Burke:

We acknowledge receipt of your letter dated June 15, 1973, and check in the amount of \$4.00 to cover the cost of "Missouri Standard Specifications for Highway Construction", and your request for a copy of the Design Manual and Standard Drawings.

The book of Standard Specifications will be forwarded under separate cover.

The Design Manual is printed in a limited number of copies for internal use in the Department, and others directly connected with the design of state highways in Missouri. The manual is in a constant stage of revision, and difficulties would arise in attempting to keep copies updated if the annual were widely distributed. The Standard Drawings are also in a constant stage of revision and a wide distribution would create similar difficulties. We therefore, prefer to limit distribution to those mentioned above.

We hope that you can appreciate our position on this matter.

Very truly yours,

James F. Roberts
Division Engineer
