Dear Mr. Unland:

We are in receipt of your letter dated February 13, 1973, requesting a copy of our manual entitled "Policy, Procedure and Design Manual".

The manual is printed in a limited number of copies for internal use in the Department, and others directly connected with the design of highways in Missouri. The manual is in a constant stage of revision and difficulties would arise in attempting to keep copies updated, if the manual were widely distributed. We, therefore, prefer to limit distribution only to those mentioned.

We hope that you can appreciate our position on this matter.

Very truly yours,

Chief Engineer
