Dear Mr. Seipel:

As requested by your telephone call August 21, 1973, we are forwarding under separate cover one set of our Design Manual, consisting of four volumes.

You will receive revisions as are made from time to time.

We are in the process of revising the Hydraulics Section in Volume III> There will be repetitions until such time as this revision is completed.

We trust this manual will be of some value to you in work connected with highways.

Very truly yours,

James F. Roberts
Division Engineer
