

Design Standards Letter

Letter Number: **D-1994-06**

Letter Date: **04/01/1994**

Effective Date: **04/01/1994**

Section/Plan No.: **Pay Items**

Subject: **Revised Computer Stored Bid Items**

Body

The following bid item numbers have been revised, deleted, or added as explained.

Item 712-12.50: The description is revised from "...stringer" to "..stringer".

Item 620-10.60: These items were deleted because the 616 prefix would.

Item 620-10.65: indicate that they were referenced in Sec 616 of the

Item 620-10.66: Standard Specifications covering traffic control devices.

Item 620-10.67: It was decided that they would be more applicable to Sec

Item 620-10.68: 620 of the Standard Specifications concerning pavement marking.

The added "620" bid items are listed below.

Item 620-80.60: Item was added for Raised Pavement Marker.

Item 620-80.65: Item was added for Temporary Raised Pavement Marker.

Item 620-80.66: Item was added for Raised Snowplowable Pavement Marker with one mono-directional white or crystal reflector.

Item 620-80.67: Item was added for Raised Snowplowable Pavement Marker with bi-directional yellow or amber reflectors.

Item 620-80.68: Item was added for Raised Snowplowable Pavement Marker with bi-directional white or red reflectors.

A listing of bid items, that will be used when airport contracts are let, is now enclosed in the catalogue of computer stored bid items. They are located at the front of the catalogue preceding the "100" numbers.

Enclosed is a copy of the catalogue of computer stored bid items reflecting the above referenced revision.

The "Item Number" shown on sheet 3 of 3 of the D-2BS sheet for Raised Pavement Marker has been revised to 620-80.60 to reflect the revisions in the catalogue of the computer stored bid items. Copies of the revised D-2bs sheets are enclosed.
