Body

 Questions concerning the distribution of revisions to bid items should be directed to General Headquarters, Design Standards Section, telephone number 573-526-4331 or 573-526-2903.

NOTE	EXPLANATION
1	The following listing shows the additions, revisions and deletions made to the computer pay items catalog containing English and Metric pay items between April 1 and June 30, 2000. The following additions, revisions and deletions are effective July 1, 2000.
2	Effective October 1, 2000, the Design Standards Section of the General Headquarters will be changing how revisions are done in the bid item database by adding an alphanumeric character at the end of the existing number to indicate a revised item. For example, 403-60.00, if revised would become 403-60.00A. This will eliminate creating excessively new numbers in the database.
