Subject: Computer Stored Pay Items

Body

 Questions concerning the distribution of revisions to bid items should be directed to Michael Qutami (573) 526-4331 or Joe Jones (573) 751-3813 in the Engineering Policy Group – Central Office.

NOTE	EXPLANATION
1	The following listing shows pay items that were revised, added, or made obsolete since February 1, 2005. All pay item changes are effective for jobs to be let after November 1, 2005. A full listing of the items can be found on the following Website: http://www.modot.org/business/contractor_resources/biditemlisting.htm
2	For pay item revisions that involve only a change in item description, the item number will not change. For a material or process change, or a change in units or type, that will affect the price history of an item, an alphanumeric character will be added at the end of the existing number to indicate a revised item. For example, 403-60.00, if revised would become 403-60.00A. This process eliminates creating an excessive amount of new numbers in the database.

These Items were revised:
