TO ALL DIVISION, DISTRICT AND URBAN ENGINEERS:

Attached for your information is a letter of July 2, 1959, from Mr. S. W. O'Brien, transmitting copies of PPM 20-8(1); also attached is a copy of PPM20-8(1). This letter and memorandum cover the Federal Aid Policy regarding the holding of Public Hearings.

I believe the subject matter covered clarifies some of the procedure. Perhaps it would be well to emphasize that, on the interstate system where rural hearings must be held, any appreciable change in the line after a hearing makes it desirable to hold another hearing on the changes that have been made. Please bear in mind that this applies only to the Interstate.

This information is being distributed to you for your general use and guidance.
