

Design Standards Letter

Letter Number: **G-1960-26**

Letter Date: **10/28/1960**

Effective Date: **10/28/1960**

Section/Plan No.: **None**

Subject: **Electronic Computation of Unit Bid Prices**

Body

TO ALL DISTRICT, DIVISION AND URBAN ENGINEERS:

Beginning with the October letting, a listing of the tabulation of unit bid prices by the electronic computer will be supplied to the District offices as requested by them in the recent meeting of Surveys and Plans personnel.

Information supplied to the District offices, after each letting, will be the average unit bid prices of projects with the respective District classified according to supplementary or major system projects. At the end of each quarter of the calendar year, a summary of the average unit bid prices for the calendar year will be furnished each District. At the end of the calendar year, a summary of the average unit bid prices for the entire state will be sent to the District offices.

Information contained on this listing is as follows: system code, date, district, item code, number of units, average of low bids, and average of all bids. The first listing supplied to the District offices will be labeled with column headings identifying the information contained.

System codes indicated on the listing are Code 8 for supplementary projects and Code 9 for major system projects. Item codes which will be effective for the remainder of this calendar year are explained on an attached table.

The number of units for each item are listed with two decimal places. The average prices are shown with four decimal places.

**C. C. Tevis
Engineer of Surveys and Plans**
