

Design Standards Letter

Letter Number: **G-1961-00**

Letter Date: **10/30/1961**

Effective Date: **10/30/1961**

Section/Plan No.: **None**

Subject: **Tee Bar Joint Covers for Bridges**

Body

TO ALL DISTRICT AND URBAN ENGINEERS:

The Division of Bridges, after inspecting bridges that are to be resurfaced with a bituminous material by contract, will by letter make a recommendation to the district as to the joint covers required for each bridge.

The district then provides for these covers in the contract by submitting a special provision and drawing for this item.

To prevent the necessity of the district to submit a drawing for each project, we have stocked a supply of the attached drawing that will be inserted in the proposal by this office when required. The district shall, however, submit the special provision to cover this item.

It is suggested that no direct payment be made for the work or material required for these joint covers.

If there are any questions regarding Tee Bar Joint Covers, please advise.

**C. C. Tevis
Engineer of Surveys and Plans**
