

Design Standards Letter

Letter Number: **G-1961-00**

Letter Date: **08/16/1961**

Effective Date: **08/16/1961**

Section/Plan No.: **None**

Subject: **Traffic Signals, Lighting and Signing**

Body

TO ALL DESIGNERS AND CHECKERS:

In order to assure that all contractors are given an opportunity to bid on Lighting, Signing and Traffic Signal installations, I am requesting that all such work, even though it is considered as an incidental part of a grading and/or paving project, be included in the wording of the description of the work.

It is important that the description be correct in the "NOTICE TO CONTRACTORS" sheet of the proposal since it is the legal publication. Also, the unofficial publication or Notice, listing all projects in a letting, should be accurate as most contractors depend on it.

It is my understanding that a complaint was registered regarding Project US-1870(2), Route SN, St. Louis County wherein traffic signals were included in the bid items, but contractors performing such work were not aware of this because the description in the Notice did not so indicate.

Your cooperation will be appreciated.
