

Design Standards Letter

Letter Number: G-1963-20

Letter Date: 08/15/1963

Effective Date: 10/01/1963

Section/Plan No.: None

Subject: Standard Drawing and Highway Signing Tabulation Sheets

Body

ALL DIVISION, DISTRICT AND URBAN ENGINEERS

We are furnishing you under separate cover with several 8 1/2" x 11" copies of the following new or revised Standard Drawings

Standard 54.00. Supports and Spacers for Reinforcing Steel, has been revised to change the design of continuous high chairs to a type that is more readily available. This revised standard is now being included in all contracts where applicable.

Standard 72.01. Dimensional Data for Cutout-Reflectorized Letters. The Tabulation of Quantities and Types of Reflectors for Upper Case Cutout letters has been revised to make minor corrections.

Standard 87.20. Construction Identification Signs. Drawings covering the design of Construction Identification signs have previously been included in contracts as part of the special provisions in the proposal.. This information, with minor corrections, has now been included on the new Standard Drawing 87.20 which will be included in all future contracts where applicable beginning with the October 1963 letting.

We are also furnishing each district under separate cover with several reproducible copies of two new tabulation sheets for Highway Signing plans. These two sheets, numbered SP 29-R and SP 30-R will replace the 12" x 18" size, SP 29, SP 30, SP 31, SP 31A, SP 32 AND SP 33 that are presently in use. We have included a sample of each sheet with each set to be used as a guide for completing these new tabulation forms. Plans which have been completed or nearly completed need not be recopies on the new revised sheets unless you so desire.

Additional copies will be furnished upon request.

R. N. Hunter
Engineer of Surveys and Plans
