Body

ALL DIVISION, DISTRICT AND URBAN ENGINEERS

We are furnishing you under separate cover with the following revised pages in the Design Manual.

SECTION III, General Procedures.

Section 3. 7. 1 on page 3.5 has been revised to be in accordance with the policy for distribution of preliminary plans as set out in General Letter No. 9, 1963

SECTION VIII, Strip Map.

Figure 8. 1 has been revised to indicate right-of-way lines, bridges, high water elevation, and to extend profile grades.

SECTION XIV, Plans.

Section 14.3.1.3 on page 14.2 was revised to be consistent with recent revisions in standard drawings for approach slabs submitted with General Letter No. 32, 1963.

Page 14.28.1 was revised to include part of Section 14.3.13.9 previously on page 14.29.

Section 14.3.14.4 on page 14.29 was revised to include changes for Construction Signs and Construction Identification Signs submitted with General Letters 14 and 31, 1963.

Figure 14.18.1, Operational Sight Distance Chart, was revised to show actual values determined by use of basic formulas in lieu of straight line or (K) factor values.

SECTION XV, Signals.

Figure 15.12 was revised to include mid-block parking restrictions for school crossings.

Figure 15.15 was revised to be consistent with present design criteria.

Figure 15.18 was revised to include symbol for loop detector and aluminum conduit.

Page 15.45 was revised to include new warrants for school crossings (Warrant No. 4) recently approved by Design Committee. These warrants are in effect for all projects that have not been let to contract.

Additional copies of these pages will be furnished upon request.
