

# Design Standards Letter

**Letter Number: G-1964-14**

**Letter Date: 03/23/1964**

**Effective Date: 03/23/1964**

**Section/Plan No.: None**

**Subject: Standard Drawings Special Provisions**

## Body

-----  
ALL DIVISION, DISTRICT AND URBAN ENGINEERS AND CHIEF COUNSEL

We are furnishing you under separate cover several copies of the following revised standard drawings.

Standard 72.02, Sheet 5 of 11, was revised to change wording on "No Turn" signs to read "No Turns", to delete words "flat top" from the last paragraph of description of stop sign, and to add requirement for series D letters for "One Way" signs.

Standard 72.04, Sheet 7 of 9 was revised to delete the words "flat top:" from the last paragraph of the description of stop signs and to add colors of background and letters, and to add series of letters on regulatory signs.

Standard 72.12 (Sheet 1 of 7), 72.10 (Sheet 1 of ~~5~~ 8) and 72.60 (Sheet 1 of 7) were revised to delete requirements for welding that are covered by special provisions.

Standard 80.45 was revised to specify weights of grates and bearing plates required for Type F, Drop Inlets and to state that these weights would be used for final payment.

We are also furnishing you with several copies of a revised list of special provisions (SP-14).

The revised drawings will be included in plans for all future projects when applicable.

L. V. McLaughlin  
Engineer of Surveys and Plans
