ALL DIVISION, DISTRICT AND URBAN ENGINEERS AND CHIEF COUNSEL

We are furnishing you under separate cover, several copies of the following new or revised pages in the Design Manual.

Page 3.5 has been revised to include a new section on urban agreements.

Pages 3.6 and 3.7 are new pages necessitated by the section on urban agreements.

Pages 14.48.1 and 14.48.2 have been revised to delete references to the "supplementary system" and to emphasize that the rate of grade shown on the plans must be the rate obtained by dividing the difference between P.I. elevations by the length of the grade.

Figure 14.32 was revised to correct the P.I. elevation at Station 288+15 to be consistent with the grade ahead.
