

Design Standards Letter

Letter Number: G-1964-51

Letter Date: 09/24/1964

Effective Date: 10/01/1964

Section/Plan No.: None

Subject: Special Provisions and Standard Drawing

Body

ALL DIVISION, DISTRICT AND URBAN ENGINEERS AND CHIEF COUNSEL

We are furnishing you, under separate cover, several copies of the following revised or new special provisions and standard drawings:

Certification of Nondiscrimination in Employment. This is a new special provision which will be included by the Main Office in all future bid proposals on Federal Aid projects beginning with the November 5, 1964 letting.

Liquid Bituminous Materials (Measurement). This special provision has been revised to include a section on asphalt cement, and will be used on applicable projects, beginning with the October 1, 1964 Letting.

Scales for Weigh Stations. This special provision was revised in April, 1964 to provide clarification, reduce restrictions on equipment to permit more manufacturers to supply the scales, and provide for angle bar anchor.

Standard Drawing 48.30 has been revised to include a new table of pavement exceptions and areas for standard approach slabs for bridges consistent with the revised bridge roadway widths on the Table of General Design Data (Section V, Figure 5.1) in the Design Manual previously furnished you by General Letter No. 50, 1964.

L. V. McLaughlin
Engineer of Surveys and Plans
