

Design Standards Letter

Letter Number: G-1965-15

Letter Date: 03/30/1965

Effective Date: 05/28/1965

Section/Plan No.: None

Subject: Special Provisions

Body

ALL DIVISION, DISTRICT AND ENGINEERS AND CHIEF COUNSEL:

We are attaching hereto several copies of the following special provisions.

Weekly Statement of Compliance (Form PR-808). This form is to be included in the proposals for Interstate Highways only. This form was previously included in the Required Provisions - Federal Aid Contracts, Interstate Highways (October 1964) and is now referred to by reference in the Required Contract Provisions, Federal-Aid Contracts (Orange Form PR-1273) in paragraph two of Section IV Statements and Payrolls, now being included for Interstate Projects. Form PR-808 and Form PR-1273 will be included in Interstate Project proposals beginning with the April 30, 1965 Letting.

Highway Signing (May, 1965). Page one, Section 72.2.1 of this special provision has been revised to qualify the Aluminum Alloy 6061 and Alloy 6062 with respect to the chromium content. Where Alloy 6062 is specified, Alloy 6061 may be substituted. This revision will be included in applicable projects beginning with the May 28, 1965 Letting.

Asphaltic Concrete Pavement (May 1965). Page one, Section 42.4.5.2.1 has been revised to add the words "...and resurfaced rigid pavement..." to the first sentence to clarify the roller requirements for mixtures used in the shoulders adjacent to rigid pavement and resurfaced rigid pavement. This revision will be included in applicable projects, beginning with the May 28, 1965 Letting.

L. V. McLaughlin
Engineer of Surveys and Plans
