

# Design Standards Letter

**Letter Number: G-1965-26**

**Letter Date: 06/14/1965**

**Effective Date: 07/22/1965**

**Section/Plan No.: None**

**Subject: Special Provisions and Form SP-14**

## Body

-----  
ALL DIVISION, DISTRICT AND URBAN ENGINEERS AND CHIEF COUNSEL:

We are transmitting under separate cover a revised Form SP-14 and copies of the following new or revised special provisions.

Section 120 Corrugated Metal Culvert Pipe and Pipe Arches (June, 1965). This special provision has been revised to delete reference to permissible fabrication by continuous helical lock seam. This special provision was placed in effect with the June 25, 1965 letting.

Additions to Required Contract Provisions (June, 1965). This is a new special provision required for Federal Aid contracts essentially covering non-discrimination. This special provision was placed in effect with the June 25, 1965 :Letting.

Plastic Joint Compound for Vitrified Clay and Concrete Pipe (July, 1965). This is a new special provision which relaxes the requirements for plastic joint compound and should be included in all contracts which have vitrified clay pipe, concrete pipe, and pipe designated by "Group I, II, and III." This special provision will be effective with the July 22, 1965 letting.

L. V. McLaughlin  
Engineer Of Surveys and Plans
