Subject: Photogrammetry Approved Aerial Photography Program

Body

ALL DIVISION, DISTRICT AND URBAN ENGINEERS AND CHIEF COUNSEL:

We are attaching a copy of the Approved Aerial Photography Program for the coming flying season. Only the projects that are on the approved construction program will be included with the exception of some interstate rest areas. Photography will not be obtained on any route until after final approval of the location is obtained from the Commission.

It is our desire to obtain as much of this aerial photography as early in the flying season as possible. Please contact this office in any manner and at any time necessary to expedite the completion of the field work before the flying season is ended.
