## Body

-----  
ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSEL:

We are furnishing you herewith several copies of the following revised special provisions and standard drawing which will be used where applicable, beginning with the designated letting.

Construction Identification Signs. This special provision has been revised to require a change in the legend on signs for "LS" contracts costing over \$10,000.00. This special is effective beginning with the August 25, 1966 Letting.

Bearing Pile. This special provision has been revised as follows:

1. Section 52.2.6. First paragraph - Deleted steel piles from those to be furnished by the contractor in lengths authorized by the engineer. Second paragraph - Added structural steel piles to those for which the contractor is fully responsible for the length he furnishes.
2. Section 52.4.5. Revised to require that welds be made by an experienced welder.
3. Section 52.4.5.3. Revised length of pile sections which may be welded, and provided for field splice.
4. Section 52.5.3. Added structural steel pile cut-offs to remain the property of the contractor.
5. Section 52.6.1. Revised basis of payment for pile.
6. Section 52.6.3. Revised basis of payment for pile cut-offs.
7. Section 52.6.5. Provided no payment for splice in contractor furnished

structural steel pile.

8. Section 52.6.8. Added to provide payment of contract unit price per linear foot for steel piles in place up to 110 percent of total estimated length, and 90 percent of contract unit price for quantity exceeding 110 percent of total estimated length.

9. Section 52.6.9. Added to provide payment for handling of steel piles when actual length in place is less than 90 percent of the total estimated length indicated on the plans.

10. Deleted pay Item 52015, Steel Pile Cut-offs, per linear foot.

This special will be effective beginning with the ~~August 25~~, September 30, 1966 Letting.
