

Design Standards Letter

Letter Number: G-1967-13

Letter Date: 04/10/1967

Effective Date: 04/10/1967

Section/Plan No.: None

Subject: Design Manual Revisions

Body

ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSELS:

We are furnishing you herewith several copies of the following figures for your Design Manual.

These revisions are in agreement with the instructions contained in General Letter No. 12, 1967, pertaining to the use of bituminous stabilized base material for widening, and the revised method of measurement and payment for the bituminous material in plant mix surface, leveling course, and base.

Figure 12.1. The estimate factors of the bituminous material and mineral aggregate for both the bituminous stabilized base and surface have been revised.

Figure 12.9. The illustration has been revised to indicate the use of bituminous stabilized base material for widening, and the quantities have been adjusted accordingly.

L. V. McLaughlin
Division Engineer
Surveys and Plans
