

# Design Standards Letter

**Letter Number: G-1967-26**

**Letter Date: 08/17/1967**

**Effective Date: 09/29/1967**

**Section/Plan No.: None**

**Subject: Revised Special Provision and Standard Drawing**

## Body

-----  
ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSELS:

We are furnishing you herewith several copies of the following revised special provision and standard drawing, which will be included in applicable contracts beginning with the September 29, 1967 Letting.

Drawing 73.02  
(Sheet 1 of 6)

Sheet one of this drawing has been revised as follows:

1. Correct hinge plate bolt sizes for post designs one (1) and two (2).
2. Locate post cut for hinge plate three inches from bottom elevation of lower sign in lieu of two inches.
3. Add inclined breakaway base assembly for use on single post signs. Also added general Note eight deleting hinge for single post signs.
4. Added general note nine setting out bolt tension requirements for hinge plate bolts.

### Asphaltic Concrete Pavement

This special provision has been revised to change the gradation requirements for Types C and D asphaltic concrete mixtures and to change the fine aggregate requirements for asphaltic concrete.
