

# Design Standards Letter

**Letter Number: G-1968-08**

**Letter Date: 04/03/1968**

**Effective Date: 04/03/1968**

**Section/Plan No.: None**

**Subject: Pavement Design Commercial Zones**

## Body

-----  
ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSEL:

The recently enacted Senate Bill No. 181 extends the area surrounding cities of 75,000 or more population where 22,400 lb. axle loads will be permitted. As a result, our present policy for increasing pavement designs, due to increased axle loads, is revised as indicated by the attached sheet showing future changes to be made to the Design Manual.

You will be advised by letter on a project by project basis of any changes to already approved pavement design.

L. V. McLaughlin  
Division Engineer  
Surveys and Plans
