**Letter Number: G-1968-14**

**Letter Date: 05/13/1968**

**Effective Date: 07/01/1968**

**Section/Plan No.: None**

**Subject: Revised Special Provisions**

**Body**

-----  
ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSEL:

We are furnishing you several copies of the following revised special provisions.

Guard Rail

Page 2, Sec. 140.3.1.3, revised to delete measurement of gage determination by weight and to, in lieu thereof, use thickness.

Page 3, Sec. 140.3.4, revised to add the words "or thickness" after the word gage.

Structural Plate Pipe

Page 2, Sec. 123.4 and 123.9, revised provisions for gage determination by thickness.

Section 120 Corrugated Metal Culvert Pipe and Pipe Arches

Page three revised and Page four added to cover gage determination by thickness. Affects Sec. 120.17 and 120.20.

The above three special provision revisions will be included where applicable beginning with the June, 1968 Letting.

Electrical Conduit

Revised requirements for Rigid Aluminum Conduit. This special provision will be used beginning with the July, 1968 Letting.
