## Body

-----  
ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSEL:

Attached is a schedule for the photogrammetric compilation of projects on which we have photography at the present time.

The date shown is the estimated date for delivery of manuscripts to the Districts. In order to meet this schedule, it will be necessary to receive the vertical control approximately one month in advance of the date shown.

Another Geodimeter Survey Party will begin operation in July and we are presently training several operators. Consequently, we expect to provide faster service in the future.

Should you desire more information, please advise.
