

Design Standards Letter

Letter Number: G-1968-29

Letter Date: 09/04/1968

Effective Date: 01/01/1969

Section/Plan No.: None

Subject: Drawings for Use Beginning January 1, 1969

Body

ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSEL:

We are furnishing you herewith several 8 1/2" x 11" prints of certain drawings which have been updated or revised as necessary to correspond with the Standard Specifications for Highway Construction, 1968.

Several major revisions and comments worthy of mention are as follows:

- 1) All drawing numbers have been revised generally in accordance with the applicable section of the specification book.
- 2) The line drawings of the typical sections of the roadway for various roadbed and travelway widths have not been assigned numbers. These drawings should be completed and included with the plans as applicable. A supply of full-size copy flex prints is being furnished each District under separate cover.
- 3) For reference purposes, each numbered drawing carries in the lower left corner, immediately outside the border, the drawing number previously assigned the drawing and the date of its last revision.
- 4) Drawings 203.00 and 203.02 were previously shown on Drawing 21.40. Drawing 203.00 covers only typical details of excavation and embankment. The rounding details have been revised, and the designated slope of semi-stable material has been removed. Drawing 203.02 now covers only undergrading. The slope line of the undergrading through the shoulder area has been revised.
- 5) For drawings 203.30, 203.31., and 203.32, the applicable drawing number must be listed for each entrance or approach on the "B" sheets as illustrated on Figure 14.45 of the Design Manual.

We are also furnishing you pages 1 and 2 of the List of Drawings SP-2, dated 1-1-69.

Drawings, other than the roadway typical sections, transmitted with this letter are as follows:

203.00 502.20 604.21 604.40
203.02 602.00 604.22 608.00
203.20 604.05 604.23 609.15
203.21 604.10 604.24 609.40
203.30 604.11 604.25 610.20
203.31 604.12 604.26 612.10
203.32 604.13 604.27 (3 Sheets.) 612.20 (4 Sheets.)
203.40 604.14 604.28 614.20
203.41 604.15 604.29 725.30
204.00 604.20 604.30

Other drawings will be furnished as they become available.

None of these drawings will be used prior to January, 1969. They will be used where applicable beginning with the January 17, 1969 Letting.

Leland D. Fletcher
Division Engineer
Surveys and Plans
