Subject: Memorandum of Designers and Checkers Electronic Screed Control

Body

For those projects on which it is determined that an established grade reference is not necessary, the following wording is to be used for the respective Job Special Provision.

"Sec. 403.10.6 shall be modified to the extent that a traveling reference plane approximately 30 feet or more in length shall be used in lieu of an established grade reference for the operation of the automatic screed control for the initial pass of the paver on this project."
