

Design Standards Letter

Letter Number: G-1969-02

Letter Date: 01/03/1969

Effective Date: 01/03/1969

Section/Plan No.: None

Subject: Discontinuance of Interstate Status Reports Critical Path Schedules

Body

ALL DIVISION AND DISTRICT ENGINEERS AND CHIEF COUNSEL

This is to advise that it will no longer be necessary to submit Interstate Status Reports as required by General Letter No. 14, 1965, and also the Urban, Primary, and Supplementary Status Reports as required by General Letter No. 38, 1965. It will, however, be necessary to make periodic man-power analyses in order to meet work schedules.

As soon as the fiscal year 1970 program has been approved, you should make a man-power analysis of your districts' needs to complete plans according to the new program. Our Liaison Engineers will be in contact with you and offer any assistance that you may require.

Leland D. Fletcher
Division Engineer
Surveys and Plans
