

# Design Standards Letter

**Letter Number: G-1969-42**

**Letter Date: 08/04/1969**

**Effective Date: 08/04/1969**

**Section/Plan No.: None**

**Subject: Recreational Area Access Roads**

## Body

-----  
ALL DIVISION AND DISTRICT ENGINEERS

General Letter No. 40, 1969 set out procedures for complying with the recent Commission action relative to recreational area access roads.

Item number four (4) under paragraph number two (2) sets out that a combined corridor and location hearing is to be held after Main Office and Commission approval of the reconnaissance report. This should be revised to read as follows:

"Hold combined location and design hearing after Main Office and Commission approval of the reconnaissance report."

Under item number three (3) you were instructed to obtain supplementary agreements with the county. In order to accomplish this, Form SH-5 (Revised 6-6-52) may be used, provided the last two paragraphs on Page one (1) relative to local furnishing of right-of-way are marked, "Void".

If you have any other questions relative to the procedure for recreational area access roads, please advise.

Leland D. Fletcher  
Division Engineer  
Surveys and Plans
