

Design Standards Letter

Letter Number: G-1969-47

Letter Date: 09/22/1969

Effective Date: 09/22/1969

Section/Plan No.: P903.03

Subject: Job Special Provision Safety Projects (November, 1969)

Body

ALL DIVISION AND DISTRICT ENGINEERS

We are furnishing you, herewith, several copies of the subject Job Special Provision.

The revisions in this special provision are in the SIGN RELOCATION portion only. The revisions consist of deleting the portion covering relocation of sign posts and the provisions for utilizing both Drawings 903.03 and 72.03.

It is the intent of this revision to require new posts for relocated signs and the permissible use of existing posts is discontinued.

This revision is not intended to apply to those projects which have been advanced to the stage at which changes are impracticable, but should apply to all other safety projects.

This office will maintain a supply of both of the Job Special Provisions affecting safety projects (dated January, 1969, and November, 1969) and the District should, in the letter of transmittal, indicated which special provision governed the preparation of the plans.

Leland D. Fletcher
Division Engineer
Surveys and Plans
