

# Design Standards Letter

**Letter Number: G-1969-58**

**Letter Date: 12/17/1969**

**Effective Date: 12/17/1969**

**Section/Plan No.: None**

**Subject: Detour Sign Financing**

## Body

-----  
MAINTENANCE AND TRAFFIC: - 1969 - No. 20

ALL DIVISION AND DISTRICT ENGINEERS

Detour signing by Maintenance Forces on construction projects should now be financed from construction funds, if the cost for this signing is estimated to cost \$200.00 or more.

Detour signs are considered as those signs necessary to route traffic over existing roads which are not a part of the construction project.

This does not apply to those signs required by the Standard Specifications and Drawings.

During the preliminary strip map stage, District Maintenance and Traffic personnel will assist Surveys and Plans personnel in determining the appropriate signing and its estimated cost. This cost will be non-contractual.

Procedures, as set out in Sec. 14.3.17.2 of the Design Manual, will apply.
