Subject: Erosion Control on Construction Projects

Body

ALL DIVISION AND DISTRICT ENGINEERS

The special provision, Soil Erosion Control, attached to our letter of June 11, 1970, was not approved by the Bureau of Public Roads.

We will, therefore, beginning with the August 1970 letting, include in all Federal Aid projects the attached Job Special Provision, Temporary Project Water Pollution Control (Soil Erosion). This special provision has been approved by the Bureau of Public roads. It will also be added to the SP-14 check list for Job Special Provisions.

We are also attaching a copy of a letter from Mr. Bartelsmeyer dated June 25, 1970, offering some guidance in interpreting this special provision.
