## Body

-----  
ALL DIVISION AND DISTRICT ENGINEERS

Attached for your use are copies of the revised Standard Plans index and check list (2 sheets).

This sheet will continue to serve as an index for your Standard Plans, and as a check list to indicate those Standard Plans to be included in a specific project.

Please note that Drawing 604.00, Type B & C Pipe Culvert Headwalls, has been removed from this list. While it is applicable to some of those projects under construction, it is no longer to be considered as a design standard.
