Body

ALL DIVISION AND DISTRICT ENGINEERS

We are frequently receiving requests from outside the department for copies of our Standard Drawings and Design Manual. Most requests are addressed to this office, however, some are referred from the Districts.

Unless the party making the request is directly involved with the design of state highways in Missouri, we have not been supplying the information. They are being advised by letter that our Standard Drawings and/or Design Manual are prepared in a limited quantity as a guide for use by our own personnel and others as mentioned above.

Rather than referring such request to this office, we would appreciate your advising the party as noted above.
