

Design Standards Letter

Letter Number: G-1970-10

Letter Date: 02/06/1970

Effective Date: 02/06/1970

Section/Plan No.: P730.00

Subject: Drawing 730.00A

Body

ALL DIVISION AND DISTRICT ENGINEERS

Attached is a copy of Drawing 730.00A which has been revised to include 54-, 60-, and 66-inch end sections.

Also, provisions have been added to permit lift holes in the end section and lift lugs or bars in the precast toe walls.

A layer of grout has been indicated between the end section and toe wall to insure a better fit and eliminate the possibility of the end section being subjected to a point bearing.

Leland D. Fletcher
Division Engineer
Surveys and Plans
