-----  
ALL DIVISION AND DISTRICT ENGINEERS

We are furnishing you with this letter copy of a revised computer listing of standard pay item numbers, pay item description, and pay units. This listing is effective August 1, 1970 and replaces the listing furnished with General Letter No. 39, 1969. The new listings have removed several items which were very seldom used, or for which the description was not complete in itself, items whose use has been discontinued and items which required completion of a dimension in the item's described in previous general letters.

The following is a brief summary of items removed, items revised, and items added.
