

Design Standards Letter

Letter Number: G-1990-03

Letter Date: 06/15/1990

Effective Date: 06/15/1990

Section/Plan No.: S0105, S0108, S0620, S0805, S0902, S1002, S1054

Subject: Revised General Special Provisions and Form D-14

Body

The attached General Special Provisions are revisions to the 1990 edition of the Missouri Standard Specifications for Highway Construction. These revisions are effective for the July 27, 1990 letting.

Following is a description of the revisions:

D-14: Lists all revisions to the 1990 Standard Specifications. Numbered sections are to be included in all projects. Items prefixed by a zero are to be selected by the designer if applicable to the project.

Sec 105: Differing Site Conditions, Suspensions of Work and Significant Changes in the Character of Work have been added to 105.16.

Sec 108: 108.7.3 has been added.

Sec 620: Sections clarified and rearranged. 620.50 and 620.60 have been added.

Sec 805: Pure live seed has been added and the method used to establish seed quantity clarified.

Sec 902: 902.4.6.5 clarifies wiring to the terminal strip in the controller cabinet. 902.5.9.1 rewritten to include temporary traffic signals.

Sec 1002: In 1002.2.2, the percent passing by weight for sieve size 100 has been revised.

Sec 1054: 1054.5.1 and 1054.5.2 were revised to include type E in the AASHTO reference.
