

# Design Standards Letter

Letter Number: **G-1990-06**

Letter Date: **08/27/1990**

Effective Date: **08/27/1990**

Section/Plan No.: **None**

Subject: **Fertilizer Application for Native Plants**

## Body

-----  
We are providing additional information on the design and use of native plants. We recommend the native plant seeding be applicable for plans to be submitted for the October bid opening. Plans already submitted for the October bid opening and received in the Main Office will not be revised.

The areas to be seeded with native plants will need to be designated and shown on the plan sheets. The recommended fertilizer applications for native plants has been provided as shown below:

## FERTILIZER APPLICATION FOR NATIVE PLANTS

Application Rate  
Fertilizer For Other Than Application Rate  
Application Native Plants For Native Plants

-----  
Nitrogen X pounds/acre X/2 pounds/ac up to  
a maximum rate of  
40 pounds/acre.

-----  
P205 Y pounds/acre The rate will be at  
least 40 pounds/ac.  
up to a maximum of  
Y/2 pounds/acre.

-----  
K20 Z pounds/acre The rate will be at  
least 40 pounds/ac.  
up to a maximum of  
Z/2 pounds/acre.
