**Subject: Pavement Removal Payment**

**Body**

-----  
**This letter is to provide further clarification on the payment for Pavement Removal. If the existing pavement is to be broken up and left in place, possibly under proposed fill, the pavement removed should be listed under "Removal of Improvements." Please include on the 2B sheet the estimated pavement (Sq. yds.) to be removed. A note should be added to the plan sheet or the limits of the pavement to be broken up and left in place as a "Removal of Improvements" item should be cross hatched to clarify the item.**

**Please refer to Section 202, subsection 202.22.4 of the Standard Specifications for reference information. Please be alert to providing this information on future projects.**

**Thanks**
