

Design Standards Letter

Letter Number: G-1997-09

Letter Date: 04/21/1997

Effective Date: 07/01/1997

Section/Plan No.: S0105, S0108, S0805, S0205, S0703, S1004, S1026

Subject: Revisions to General Special Provisions

Body

Attached, please find revisions to the General Special Provisions and to the 1996 Missouri Standard Specifications for Highway Construction, English and Metric versions. These revisions become effective with the July 1997 bid opening. Below is a brief description of the revisions.

STANDARD SPECIFICATIONS

English and Metric versions

Errata: Changes issued to correct various typographical errors.

Section 105 Control of Work

Revised specification to revert to the claim adjustment requirements set forth in the 1993 Missouri Standard specifications for Highway Construction.

Section 108 Prosecution and Progress

Revised specification to revert to the work schedule requirements set forth in the 1993 Missouri Standard specifications for Highway Construction.

Section 805 Seeding

Revised section to include a specification for wheat seed, regularly used as a cover crop to protect the ground from erosion and facilitate the growth of desired grasses.

Metric version only

Section 205 Overhaul

Revised the measurement of overhaul to the nearest 0.1 station cubic meter in order to concur with the bid item and eliminate the previous fractional unit of measurement.

Section 703 Concrete Masonry Construction

Revised lump sum prices for accepted quantities of concrete used to fill cavities or crevices below the final authorized bottom elevation of footing structures.

Section 1004 Graded Aggregate for Bituminous Surface

Table revised in order to correct a typographical error.

Section 1026 Reinforced Concrete Culvert, Storm Drain and Sewer Pipe

Table VI revised in order to correct a typographical error.
