

Design Standards Letter

Letter Number: G-1997-16

Letter Date: 10/27/1997

Effective Date: 10/27/1997

Section/Plan No.: None

Subject: Additional Instructions for Commission Exhibits

Body

In addition to the requirements given in General Letter No. 15, dated October 1, 1997, for submittals of Commission exhibits, it is requested the exhibits be provided in the following format:

1. The exhibit be in the MicroStation format.
2. The exhibit be white on a black background.
3. The proposed route changes be shown in red.
4. All other changes effected by the project be shown in red.
5. See Figure 2-02.2 or Figure M2-02.2 in the electronic Design Manual for color scheme.

Supplying the exhibits in this format will allow us to differentiate between existing and proposed routes, and will allow direct printing of the exhibits without further revisions by the Support Center.

As a reminder, once the exhibits have been printed, the exhibits will not be maintained by the Support Center Design Division.
