Letter Date: 11/09/1999

Effective Date: 11/09/1999

Section/Plan No.: None

Subject: Revisions to Job Special Provisions

Body

MoDOT's new construction management system does not allow for the deduction of specialty items from the total contract value in determining the amount of work required to be performed by the prime contractor. Therefore, specialty items have been eliminated and to compensate for this, the percentage of total contract cost required to be performed by the prime contractor was reduced to 40%.

Consequently, the job special provision for Specialty items DSP-93-22B was eliminated effective December 1, 1999.

All designers are requested not to include this JSP in future projects.
