

# Design Standards Letter

**Letter Number: G-2000-02**

**Letter Date: 01/03/2000**

**Effective Date: 01/03/2000**

**Section/Plan No.: None**

**Subject: Raised Snowplowable Pavement Markers**

## Body

-----  
Any use of Raised Snowplowable Pavement Markers (RSPM) should be in accordance with the Raised Pavement Markers special sheets. These MicroStation drawings are available in the districts.

Any use of RSPM's not detailed on the special sheets, including the use of yellow or amber RSPM's, requires approval of the State Traffic Engineer or State Design Engineer.

A Quick Action Team is in the process of standardizing all pavement markings and when this team is finished, the material will be incorporated into design publications as needed.
