Letter Number: G-2000-04

Letter Date: 01/10/2000

Effective Date: 04/01/2000

Section/Plan No.: G1033.3.5

Subject: Revision to Revised Supplement to the Standard Specifications

Body

Due to an error in the errata description to Sec 1033.3.5, the latest Supplement to the *1999 Missouri Standard Specifications for Highway Construction* should be revised accordingly. Please delete the **fourth** sentence in Sec 1033.3.5 instead of the third sentence. This supplement change is effective with the April 2000 bid opening.

For those receiving a hard copy of the Revised Supplement to the Standard Specifications, page numbers 33 and 34 have been attached for replacement of the existing sheets.

If you have any questions concerning this change, please contact Kenny Voss for further explanation. These changes have been corrected on MoDOT's external website and on the LAN in the 'Design Standards' folder located in 'Design Applications'.
