

Design Standards Letter

Letter Number: G-2002-06

Letter Date: 07/01/2002

Effective Date: 07/01/2002

Section/Plan No.: None

Subject: Pavement Marking Guidelines

Body

Recent guidelines issued in the Project Development Manual (PDM) and General Letter No. 3, 2002 contained instructions to provide pavement marking on all resurfacing and new construction by contract. These guidelines are suspended until further notice. All projects, including contract level course, should be marked using previous methods while issues with the new pavement marking policy are addressed.

PDM Subsection 8-04.5 will not be revised. The PDM, along with revised specification Section 620 and pay items effective July 1, 2002, are available for Districts that choose to use contract pavement marking.

Please contact General Headquarters Design if you have any questions.
