

# Design Standards Letter

**Letter Number:** G-2007-02

**Letter Date:** 05/29/2007

**Effective Date:** 05/29/2007

**Section/Plan No.:** none

**Subject:** Revisions to Job Special Provisions

## Body

-----  
**Sec 104** *This section was deactivated due to the completion of the Smooth Road Initiative. The following provisions were give new ID numbers and dispersed to their appropriate section.*

**Contractor Retained Guardrail** – Revised the JSP ID number to JSP-04-11 and relocated it to Sec 606.

**Use of Crossovers and Truck Entrances** - Revised the JSP ID number to JSP-04-10 and relocated it to Sec 0000.  
**Liquidated Damages for Winter Months** - Revised the JSP ID number to JSP-04-12 and relocated it to Sec 108.

**Polyurea Pavement Marking** - Revised the JSP ID number to MSP-04-13 and relocated it to Sec 620.

**Coldmilling Requirements** - Revised the JSP ID number to JSP-04-09 and relocated it to Sec 622.

**Concrete Planing** - Revised the JSP ID number to MSP-04-08 and relocated it to Sec 622.

**Diamond Grinding Requirements** - Revised the JSP ID number to JSP-04-07A and relocated it to Sec622.

**Snowplowable Raised Pavement Marker Removal** – This provision was revised to incorporate direction when removal of SRPMs is done in a surface treatment project. Section 2.0 and 3.0 were also revised to incorporate rapid set concrete patching material for repairing concrete pavement. The JSP ID number is now JSP-05-01B and it is

located in Sec 620.

## **Sec 201**

**Tree Clearing Restriction** – This is a new JSP to address clearing restrictions due to Indiana Bats. This provision should only be used with the approval of Central Office Environmental.
