

Design Standards Letter

Letter Number: G-2012-08

Letter Date: 10/08/2012

Effective Date: 11/01/2012

Section/Plan No.: JSP

Subject: Revisions to Job Special Provisions

Body

Questions concerning the revisions to the job special provisions should be directed to Sam Niederhelm, Central Office, Engineering Policy Group, at 573-751-5645 or myself at 573-751-3813.

Job special provisions can be viewed on the MoDOT Web Site, from the Business Page, at http://www.modot.mo.gov/business/standards_and_specs/jobspecialprovisions.htm.

REVISIONS:

Optional Pavement – JSP0606E – Revised to require contrast striping for intermittent markings (skips), dotted lines, and solid intersection lane lines (at no additional payment) if concrete option is chosen.

Wet Reflective Pavement Marking – JSP0806B – Revised to combine epoxy pavement marking and high build acrylic waterborne pavement marking into one standard Job Special Provision.

Contrast Pavement Markings – JSP0807A – Revised to address compatibility of contrast marking with the white marking material specified in the plans. Contrast is only required on the sides of the white marking, not the leading and trailing edges.

Grooving For Pavement Marking – JSP1211 – Previously a non-standard provision; added to the standard provisions.

Alternates For Pavements – JSP9604E1 – Revised to require contrast striping for intermittent markings (skips), dotted lines, and solid intersection lane lines (at no additional payment) if concrete option is chosen.
