Letter Date: 02/15/1983

Effective Date: 04/01/1983

Section/Plan No.: P204.00, P604.20, P604.30, P617.00, P731.00, P731.10, P903.03, P903.10, P903.12, P903.60

Subject: Revised Drawings

Body

ALL DIVISION AND DISTRICT ENGINEERS:

We are in the process of revising and reprinting the Book of Standard Plans. This is the first of two submittals.

Attached are copies of the above noted revised Standard Plans with revisions as follows:

204.00D The mortar leveling course under the settlement plate has been shaded in to differentiate it from the backfill.

604.20B. The statement "Grate and Bearing Plate" has been added to the three Section E views.

604.30F, 731.00N, and 731.10F. The note pertaining to steps has been revised for clarity.

617.00Q. Misspelled word corrected on Sheet 2 of 3.

903.03AD Sheet 3 of 6. On the elevation view of the multi-direction slip base, the washer requirement has been revised to one 1/4 inch washer or two 1/8 inch washers.

903.10S Sheets 4 and 5 of 8. The conduit in the pedestal has been revised to show 2 inch conduit with a note stating type and placement requirements.

903.12L Sheets 3 and 4 of 7. Same revision as 903.10S. Also, on Sheet 1 of this drawing, a note has been added in the upper right corner pertaining to fasteners.

903.60Q Sheets 3 and 4 of 7. Same revision as 903.10S.

The above revisions are effective with the April, 1983 letting.

James F. Roberts
